

Balaring Coastal Eco-Tourism Area

If you want to escape from your daily life, why not visiting us? There is a place where you can relax with natural wind, sound of birds and greenish scenery just near from you. It is Balaring Coastal Eco-Tourism Area.

This mangrove resort is materialized to display our long-term effort for mangrove reforestation, started some day in 1990th. With the help of many volunteers, our mangrove planting activity remains sustainable until now.

Inside the area, you will see 3 species of mangroves, and mangrove associate animals; like birds, fishes, crabs, shells...

There are 1 terrace and 3 cottages for rent. You can have a new style of picnic in the mangrove area!!

Tom Tower; the height is almost 8m! You can watch the whole costal area

Hisa Terrace; wide terrace with fireplace and well good for up to 40 persons!!

Mangrove Planting; we welcome mangrove planters! Just finance P5/seedlings. You will have a wonderful experience to express your love for nature. *please make reservation

* Entrance fee *
